

WORKERS' COMPENSATION

AGED CA

...instructions for filing a claim
...Workers' Compensation Administration
...coordinates the medical and disability benefits related to your claim
...medical network available and assistance in this process, the pr
...services are designed to provide the Commonwealth's employees with quality medical care
...facilitate return to work as soon as medically possible

...the following are steps you should follow if you are injured on the job

1. Report the incident to your supervisor immediately.
2. Report all details of the incident or injury to your supervisor for information of safety, prevention and claim compensation.
3. Complete all required agency forms with your supervisor.
4. You must select a physician from the list provided. Your employer will offer to you a panel of physicians.
5. The list of providers also provides for the option of treatment
