

ListServAccount Request Form

RU maintains several email mailing lists to communicate with the RU community. These lists are updated on a "weekly" basis to maintain their accuracy. Rather than setting up a new list for each campus need, RU tries to add access to those users with an ongoing business need to communicate with a group of people. If you have a one-time need to send to a group then you should contact your VP's office and ask them to send the message on your behalf.

To request ongoing access to an existing list, please fill out the fields below.

Name of User for Whom Access is Requested	Username:	RUID:
List(s) for which access is requested:		

Account Agreement

I, the above, request access to the list(s) above
